

- If you can turn it on we can control it
- High-tech has now become hi,tech.
- Simplify your home by automating everyday tasks

20,000 square feet of high-tech toys

# controlled

by one low-tech index finger

We've taken the idea of high-tech and made it hi,tech. Our intuitive touch panels make it easy to control and automate every square inch of your entire estate. Whether it's a simple task of queuing up a movie in your home theater or powering down and securing your property after your latest soirée, it's the control you need where you need it. And AMX allows you to do it with one simple touch.

**AMX**  
IT'S YOUR WORLD. TAKE CONTROL.
