

boardrooms/conference rooms 3

| PRESENTATION FACILITIES SOLUTION |

When you demand the best in corporate meeting room control and automation, request Boardrooms/Conference Rooms 3 by AMX. Control is never out of reach with dual AMX Touch Panels and an in-wall keypad. In addition to lighting, climate and window treatment controls, your boardroom will be fully equipped with our top-of-the-line Content Server, invigorating

your meeting room with an infusion of multimedia. Almost instantly, you can lower the projection screen, dim the lights, adjust the air conditioning, focus the in-room cameras and start a PowerPoint presentation. The corporate meeting space just got a whole lot more exciting.
