Keypads

Metreau Keypads

When it comes to stylish, sophisticated control of NetLinx Control Systems, look no further than Metreau Keypads. Their cost-effective design, with the ability to be installed in any Décora®-style wallplate offers many installation options and they come in three configurations to suit a variety of unique applications. Whether they are used in residences, condos and hotels or classrooms, meeting rooms or presentation facilities; cool looks, powerful features and flexible capabilities make Metreau an undeniable keypad choice.

COST-EFFECTIVE INSTALLATION OPTIONS

Metreau Keypads are suited for installation within other decora-style wallplates that can include additional keypad controls. This makes Metreau a cost-effective option for outfitting every room and zone.

FLEXIBLE CONFIGURATIONS

Metreau Keypads are available in 6-button navigation as well as 7-and 13-button configurations. The 6-button navigation model gives you the ability to directly select and control any device in the system. It also includes an integrated navigation wheel and a lighting level feedback window.

- Available in black, white and light almond
- 6-button keypad includes navigation wheel for simplified navigation and control
- 7- and 13-button configurations offer flexibility for individual or grouped keypad configurations
- Blue LEDs light up when buttons are pressed and provide visual volume level feedback in IR window (6 button only)
- Offers cost-effective control for bedrooms, meeting rooms, hotels, hospitals, residences, MDUs, kitchens, bathrooms, classrooms and other applications
- Optional pre-printed buttons are available - us Metreau Keypad Preview to design your own keypad
- Conveniently matches the styling and look of the NI-3101 Signature Series NetLinx Integrated Controller for a unified presence within any residential or commercial setting
