

4.00"
(101.6 mm)

Use this cut-out template to begin installation of your N-Series Wall Controller (SC-WPC-D/SC-TC-D).

1. When printing this document, please double-check all print settings:
 - Print to an 8.5x11 page.
 - Set Page Scaling to None. **DO NOT SHRINK** to fit to the page.
2. Use scissors to cut out the gray area from the template.
3. Tape the cut-out to the mounting surface on your wall where the N-Series Wall Controller is to be installed.
4. Mark the position on the mounting surface.
5. Double-check all dimensions, positions, and measurements.
6. Cut the opening in the wall.
7. Continue installation by following the instructions given in the unit's *Quick Start Guide* (included in shipment and/or available on-line at www.amx.com/svsi/).
